

Biography: Charles Neslund

Eurofins Lancaster Laboratories Environmental, LLC

Current Position

Technical Director

Prior Experience and Education

Mr. Neslund is responsible for the HRGC/HRMS laboratory, the LC and GC Triple Quad section, the Method Development group and the Volatiles in Air group of the Environmental Division. He oversees the development of methods that employ LC/MS/MS for the analysis of glycols, urea herbicides, hydrazines and various other organics in water, solids and tissues. Mr. Neslund also serves as lead technical contact for evaluation of RSK175 applications, implementation of discrete analyzer chemistries, tracer compound applications and applications of alternative sample preparation/digestion technologies.

Mr. Neslund has worked for Eurofins Lancaster Laboratories Environmental for over 30 years and previously managed the Pesticide Residue group and the GC/MS Semivolatiles group.
