

Biography: Jonathan Pi, P.E., Ph.D.
Water Supply Division
Texas Commission on Environmental Quality

Current Position

Jonathan works as a staff engineer on the Plan Review Team of the Plan and Technical Review Section of the Water Supply Division.

Prior Experience and Education

Jonathan received his bachelor and master's degrees in civil engineering specializing in hydraulic engineering from China and began his career as a research engineer in a national institution in China. He then came to the USA and earned his Ph.D. in agricultural engineering from the University of Missouri-Columbia. He worked for the Texas Water Development Board as a hydrologist working on Texas State Water Plans and then as an engineer managing clean water and drinking water projects. He began work at the TCEQ in 2013 and has reviewed numerous and various drinking water projects since then. He is a licensed professional engineer in Texas.
