

## Question Report

#	Question	Answer
1	I see the Bat RCP is coming due in 2026. Is there a TAG chair to lead this process?	Great question- Yes, Joshua Harmon at Wonders of Wildlife Museum & Aquarium is the current Bat TAG chair.
2	Is there a place that lists all Sustainability Partners?	Currently, there is no list of Sustainability Partners publicly available. However, Sustainability Partner IRs will be listed in the programs in which they participate. If you have any questions regarding your program and Sustainability Partners, please reach out to AnimalPrograms@aza.org
3	Is ZAA a WAZA recognized body?	Zoo and Aquarium Association Australasia (ZAA) is a recognized WAZA Association
4	Can an employee at a Sustainability partner facility for a particular SSP be part of the SSP management group? Or must all representatives of an SSP management group need to be employed at an AZA facility?	Voting members and Vice Chairs must be IRs at AZA accredited facilities. The SSP can have non-voting advisor positions that can be held by those outside of AZA.
5	Is there a limit as to how many Sus Partners a program can have?	No, but there will have to be a strong justification of need expressed to the committee. Each applicant facility is considered separately.
6	Sorry, I meant ZAA = Zoological Association of America	The American ZAA is not covered. ZAA facilities may still apply, but they must go through the full process, not the shortened one mentioned in the talk.
8	Sorry, I jumped on late. I can see this is being recorded. Will there be a way to watch the recording after completion today?	Yes! We will share the link to view the recording via email later this afternoon.
9	What work is actively ongoing to help SAFE programs work with TAGs rather than in competition with them or in a way that makes them feel left out/irrelevant?	live answered
10	Who is the best contact to reach out to if we have questions about PMCTrack?	You can reach Amelia at PMCTrack@lpzoo.org
