

## **Frank Zeng, P.E.**

Waste Permits Division

Texas Commission on Environmental Quality (TCEQ)

### **Current Position**

Frank is an engineer in the Municipal Solid Waste (MSW) Permits Section and a professional engineer licensed in Texas. His primary responsibility is review of various authorization applications and reports, including drafting MSW permits, amendment, registrations, modifications, and temporary authorizations.

### **Education and Prior Experience**

Frank holds a Bachelor's degree in Chemical Engineering (with a concentration in Environmental Engineering) from Beijing University of Engineering and Business and a Master's degree in Environmental Engineering from Oklahoma State University. Prior to joining the MSW Permits Section in 2003, Frank worked in various capacities for companies in the businesses of oil/gas, engineering, and environmental consulting/testing.
