Guiding Principles of a Renewed IEP

Guiding Principles of a Renewed IEP

Intentions for Today

- What is **Student Agency**?
- Why is **Student Agency** Important?
- How do we support the development of **student agency**?

What is Student Agency?

Agency: Where a person has the right to manage decisions and choices, to control positive outcomes in their life.

- Michael Wehmeyer,

Student Agency: Where a student has the right to manage decisions and choices, to control positive outcomes in their learning.

Why is Student Agency Important?

- Student agency is playing a central role in curricular reform movements worldwide for all students, and emphasizes putting students in control of their learning
- Student agency is connected to skills needed for society today and tomorrow and focuses on supporting students to:
 - Make choices
 - Make decisions
 - Solve problems
 - Set goals
 - Self-regulate
 - Self advocate
 - Be self aware

- Ghobary, 2007 Wehmeyer, 2006

What about Students with Disabilities?

- The IEP has become the agent FOR a student, instead of supporting a student to be their own agent
- IEPs have become documents that communicate how adults have:
 - Made choices for students
 - Made decisions for students
 - Solved problems about students
 - Set goals for students
 - Regulated students
 - Advocated for students
 - Othered students

What about Students with Disabilities?

- Many students with disabilities have been **left out** of IEP conversations, making IEPs that are written *about* them instead of *with* them
- Many students **do not even know** they have an IEP
- IEPs *about* students has led to, **little or no ownership** of learning
- IEPs *about* students, effect their **perception of self** and their **determination** beyond school

How do we support Student Agency?

All students need to:

- Know **who they are** as a person and a learner
- Know their **strengths & interests**
- Know their **stretches & needs**
- Be **included in goal setting** and/or understand why a goal is **important to their learning and life**
- Know and choose what **supports** and **strategies** they need to meet a goal
- Know when **they have met a goal** or how to **adjust a goal** if needed
- Be able to **show** how they have **met a goal**
- Know what **a next step in learning** could be
