

DASL Custom Comparison Groups

DASL.NAIS.ORG

In DASL, you can create one or more custom comparison groups of the schools with which you would like to compare your school. You can create a group of specific schools that you already know, or find groups of schools based on criteria that you select.

Read on to learn how!

If you have any questions, please contact us at daslhelp@nais.org.

Create a Custom Comparison Group

Results

Your Schools

*Salary reports require at least 10 schools with data.
Other reports require at least 5 schools with data.*

Note: We recommend including more than the minimum number of schools in case some did not report data.

[Cancel](#)

You can find schools by name, or by characteristics, as shown below.

Read the note in the “Your School” box to make sure you have enough schools in your group to run benchmark reports.

Find Schools by Name
