

Biography: Hoyt Henry

Critical Infrastructure Division
Texas Commission on Environmental Quality

Current Position

Hoyt Henry is the Manager of the Radioactive Materials Compliance and Chemical Reporting Section in Austin.

Prior Experience and Education

Hoyt worked for Chambers County for over ten years in several positions, and the last six of those years as the Director of the Mosquito Control Department. In 2000, he started working for the Texas Department of Health and held positions in Houston and Austin as an Investigator, Enforcement Specialist, and Tier II Manager. He began his career at TCEQ in 2015, when the Texas Legislature moved the Tier II Chemical Inventory Program, and its employees, from the Department of State Health Services to the TCEQ.
