

Biography: Dan Sims

Air Permits Division
Texas Commission on Environmental Quality

Current Position

Dan is a technical specialist in the Rule Registrations Section of the Air Permits Division at the Texas Commission on Environmental Quality.

Prior Experience and Education

Dan has undergraduate and graduate degrees in Electrical Engineering from Prairie View A&M University. He has been with the Texas Commission on Environmental Quality since 2004. Prior to moving to his present position, Dan worked in the Operating Permits Section as a permit reviewer. As technical specialist of the Rules Registration Section, he is currently responsible for the technical review of permit by rule and standard permit registrations.
