Zooming in on
our why and
our story...

“For every student who remains educationally segregated there are other students with similar attributes, abilities, and needs who are **successfully included**.

This simple fact suggests that whether a student with a disability is meaningfully included may have **less** to do with his or her characteristics and **more** to do with *the attitudes, skills, structures and practices of the adults responsible for providing education.*”

-Michael Giangreco, University of Vermont

Our Ruby Bridges Vision

You are a **learner**.

You are a **leader**.

You **belong** here.

It is a heartbeat, not a tagline.

“Inclusion is engagement within a community where the equal worth and inherent dignity of each person is honored. An inclusive community **promotes** and **sustains** a sense of belonging; it **affirms** the talents, beliefs, backgrounds, and ways of living of its members.”

-Floyd Cobb and John Krownapple

Our Ruby Bridges Commitments

Presume the competence of students (and the grown-ups)!

Make the least dangerous assumption for access and opportunity.

Celebrate learner variability... Plan for it. Lean into it with purpose.

Whatever the problem is, community is the answer.
-Margaret Wheatley

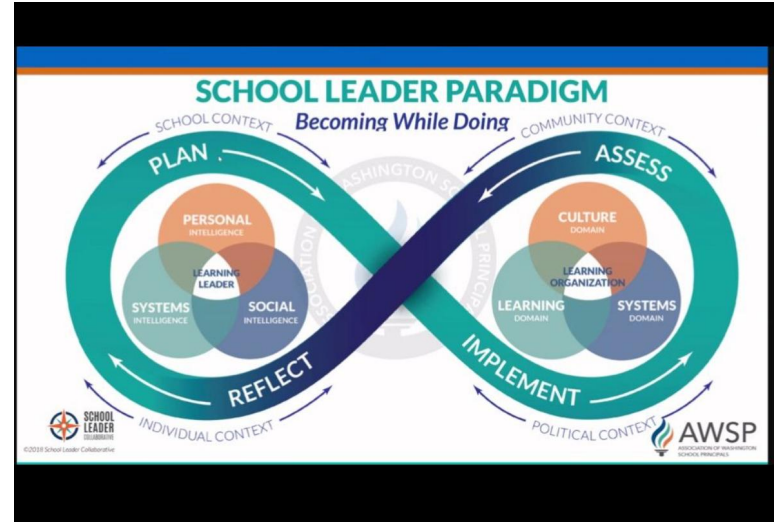

Key Principles and Practices for Schools

- Inclusive Mission and Vision
- Inclusive Building Schedule
- Collaborative Structures
- Inclusive Instructional Practices
