Maximize Your Message with Path LMS

Our award-winning, powerful cloud-based solution for educational content management.

Seamless Integration

Leverage our AMS, CRM, Community, and webinar platform integrations for a seamless user experience.

Live Event Registration

Simple registration for upcoming live webinars, webcasts, and in-person events.

Custom Branding & Website Embed

Create a seamless experience by customizing your LMS with your organization's branding. Go a step further with white-labeling and embed the entire LMS experience on your website.

Attendance Verification

Utilize content prompts to verify that your users are actively participating with your live webcasts and on-demand content.

Mobile Optimized

Content is optimized to display on any device, enabling your audience to access Path at any time.

SCORM

Launch SCORM content directly from Path and quickly gauge user activity.

Revenue

Sell your content using the secure built-in shopping cart that integrates with third-party payment gateways. Control your offerings with coupon codes and member group pricing options.

Instructor-led Assignments

Add assignments to any course by leveraging our instructor-led assignment and feedback tool. Create assignments, receive responses and provide feedback.

Assessments & Certification

Assess your audience's aptitude by designing your own tests to evaluate learners. Issue custom branded certificates as learners complete courses.

Detailed Reporting

Accurately evaluate audience engagement and effectiveness of your content with detailed reporting that informs your decision making.
