

Biography: Tony Francis, PhD

SAW Environmental

Current Position

Principal

Prior Experience and Education

Dr. Francis, a Principal at SAW Environmental, has been involved with laboratory quality management systems and accreditation for many years. He and his team provides assistance to laboratories of all sizes with internal audits, data integrity training, document revisions, and data validation. Dr. Francis has assessed numerous laboratories to ISO/IEC 17025 and various TNI Standards for several accreditation bodies. He is a fully qualified NELAC assessor in organic and inorganic chemistry, microbiology, cryptosporidium, radiochemistry, solids, aqueous, tissue, and air. He is an EPA-approved drinking water certification officer in all areas available. He received his PhD in chemistry from the University of Utah in 2003.
