## **Hey there, I'm looking forward to The Fusion Method Masterclass!**

This masterclass will give you insight into what you need to do so that you can have a professional, online program.

I'll be sharing the exact practice model that thousands of licensed and regulated professionals are using to make the transition online with their online program while still abiding by their scope of practice and regulations.

The get the most from this masterclass,  
here are three helpful suggestions:

### **SHOW UP LIVE**

If you prioritize showing up live to the masterclass, you'll get the most out of it and be able to ask your questions in real time. Make sure you have the date and time added to your calendar.

### **PRINT THIS WORKBOOK**

Print this workbook in advance of the masterclass, so that you can stay fully engaged and use the workbook as a guide. If you can't print it, then just write down your answers to the questions in a notebook and bring both with you to the masterclass.

### **WRITE DOWN YOUR QUESTIONS**

To get things started, what questions do you have? What would be most helpful for me to answer? Write them all down. If I'm not able to answer them during the masterclass, I'll give you a link that you can use to get your questions answered.
