

Biography: Susan Jablonski, P.E.

Office of Compliance and Enforcement
Texas Commission on Environmental Quality

Current Position

Susan Jablonski is the Area Director for Central Texas in the Office of Compliance and Enforcement. She oversees regional activities and the Regional Directors of the Central Texas Area, identifying regional needs and developing plans to address those needs.

Prior Experience and Education

Susan is a professional engineer and a health physicist. She received her undergraduate degree in Radiological Health Engineering administered by the Texas A&M University Nuclear Engineering Department and her graduate degree from the University of Texas at Austin in Environmental Engineering. Susan has extensive experience working with waste management public policy, environmental and radiological monitoring, environmental engineering, waste characterization, and the management and disposal of waste material. She has also previously served as the Director of Health Physics of the Texas Low-Level Radioactive Waste Disposal Authority until transferring to the TCEQ in 1999.
