

Michael H. Smith

Waste Permits Division

Texas Commission on Environmental Quality (TCEQ)

Current Position

Mike is an environmental permit specialist in the Municipal Solid Waste (MSW) Permits section. His primary responsibility is to review groundwater monitoring reports, landfill gas monitoring reports, special waste requests, temporary authorization requests, and permit modification applications.

Education and Prior Experience

Mike holds a Bachelor's degree in Biology from the University of Delaware and a Master's degree in Environmental Science and Management (with a concentration in Conservation Planning) from the University of California Santa Barbara. Prior to joining the MSW Permits section in April 2022, Mike held various positions with non-profit organizations focusing on natural resource conservation.
