

ASHI Committees

ASHI has several committees, all of which help further its mission to advance the science, education, and application of immunogenetics and transplant immunology. Each committee offers a variety of ways to get involved, from short-term volunteer projects to committee, council, and board service. We offer projects that fit various levels of interests and expertise. We encourage you to deepen your engagement with ASHI and your HLA peers by reviewing the many ways you can be a part of the ASHI family.

Interested in a volunteer position?

Step 1: Review the ASHI committee roles and responsibilities by clicking [here](#). Identify the committee(s) you would like to serve on or learn more about.

Step 2: Visit the [ASHI Volunteer Portal](#) and complete a volunteer application. The ASHI Headquarters staff will contact you regarding committee availability.

ASHI Operations Manual

If you are interested in learning more about the internal process and structure of our society, review the [ASHI Operations Manual](#) located on the ASHI website.

Mentor Program

We have two mentor programs: one for new Directors and one for Technologists. If you are interested in being a mentor or mentee, visit our [Volunteer Portal](#) to learn more. International members are welcome to participate!

Member Forums

ASHI has several membership forums on Facebook. Join one (or all!) of these forums to connect with other HLA professionals! *Please note: The Technologists Affairs forum is solely for non-doctoral professionals.*
