Click here for details!</p>	<p style="text-align: center;">Tuesday May 4 10:00 am PST</p>	<p style="text-align: center;">Register</p>
	<p>Big news for all California PSAPs from RapidDeploy and OnStar</p> <p>California PSAPs have been using RapidDeploy’s RadiusPlus tactical mapping solution since March 11, 2019. RapidDeploy, OnStar and Cal OES are excited to announce that beginning in May, a majority of California Telecommunicators will now have direct access to available OnStar crash data on RapidDeploy’s RadiusPlus 9-1-1 map screen, without having to rely on verbal relay of information. This first-of-its-kind data integration will provide first responders with critical information about a vehicle accident and injury severity prediction mere seconds after it has taken place.</p> <p>Watch for details about when a local training session will be held for your PSAP. Reach out to your RapidDeploy Customer Success manager with any questions.</p> <p>Partner Manager: Todd.komanetsky@rapiddeploy.com</p> <p>Product Information: ussales@rapiddeploy.com</p>
