Path Style Guide: This is the framework that your Path LMS site is built on.

Link: https://www.pathlms.com/style_guide

There are a lot of areas within Path where you can add Graphics, but these are the most common FAQs we get asked about Graphics & Path. ****NOTE – Depending on the type of Path Tier you are on, some of these may not apply.**

Q: What type of image file type should we use?

A: We recommend PNGs for images with flat color and JPEGs for images that texture, i.e., people, flesh tones, location imagery (trees, etc.), office/personal equipment etc.

Q: If I am using a homepage banner, what size should it be?

A: 1056 x 194 px. The Main site banner will show up above the gray bar on the following pages of your Path site:

- Site Main landing page(homepage)
- All Courses landing Page
- All Events landing Page:
- **Any graphic in the Description areas of the Homepage, All Courses Page, All Events Page should be no larger than 900px.**

Q: If I am using a PDF Transcript Header Image, what size should it be?

A: 1056 x 194 px.

Q: What size should my Favicon image be?

A: 96 x 96 px

Q: What size should my Home Button Logo image be?

A: Optimal logo size: 120 x 40 px

Q: If I customize my Content Icons, what size should that be?

A: Optimal icon size: 128 x 128 px

Q: If I am using Certificates, what size should the background image be?

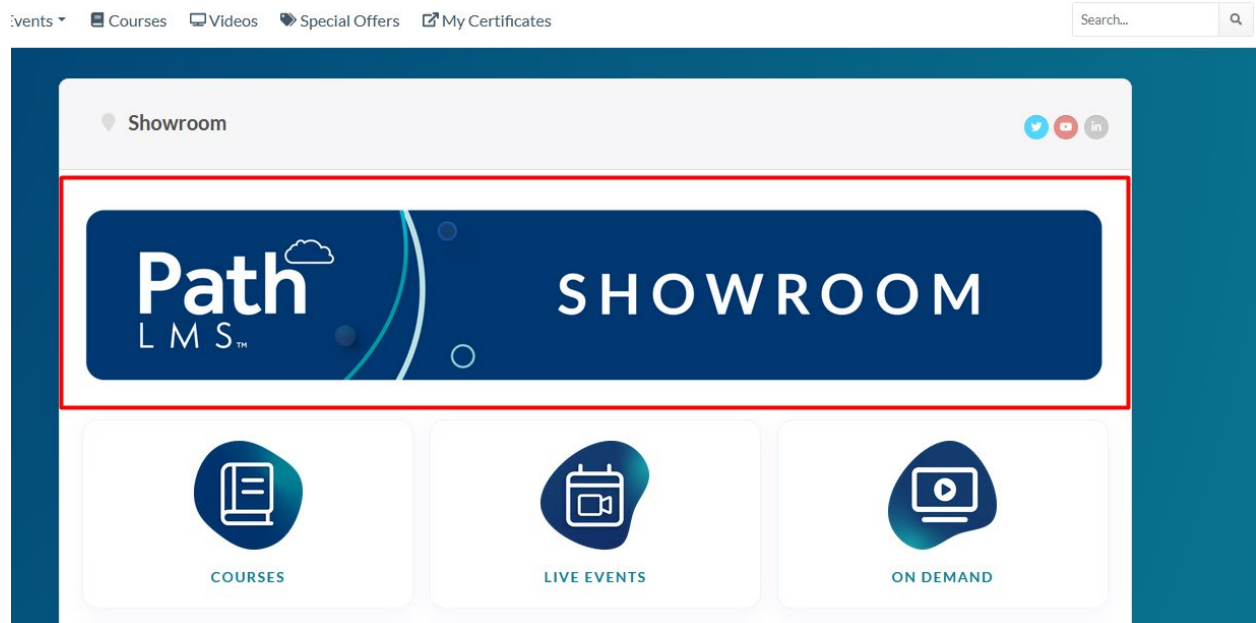

A: Maximum size: 3300 x 2550 px. It can be smaller, but no larger than the maximum size.

Certificates can be downloaded and/or printed out by your learner. If you want a high-quality PDF image when they download and/or print, the recommended size is 1980 x 1530 px

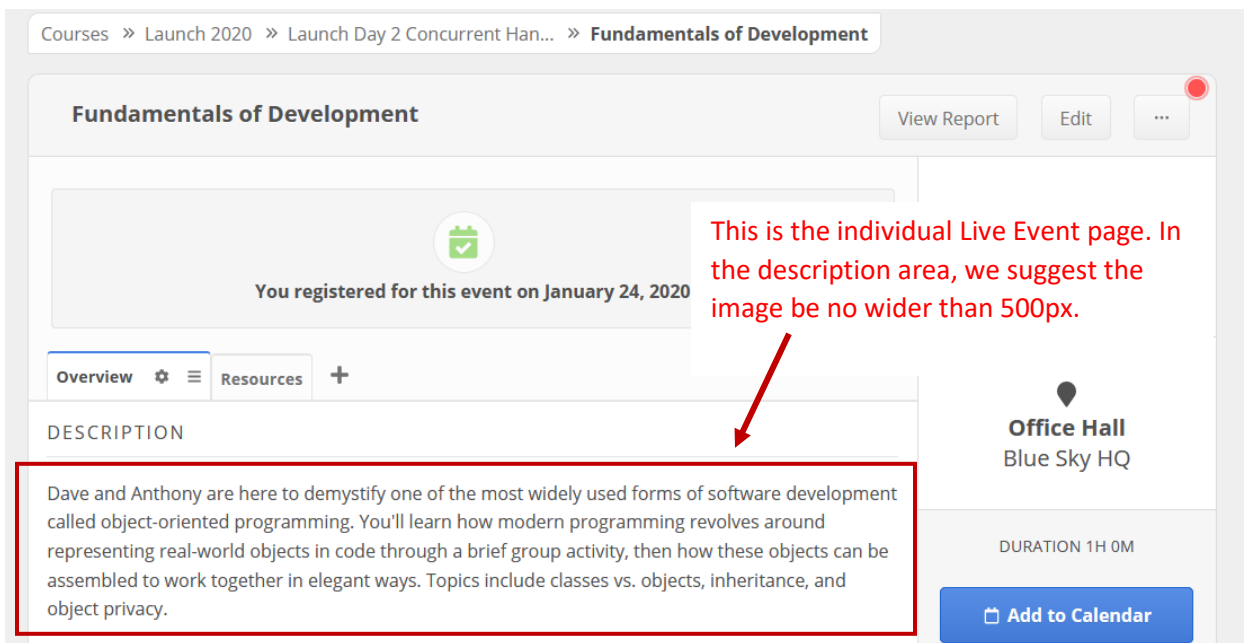

Q: What size should images be in description areas of Path?

A: For areas such as Homepage Description, All Courses Page, All Events Page & Course Description areas they should be no wider than 900px. If you are loading images into the description area, be sure to check them on a Tablet and Phone as well.

- Any graphic in the Description areas of the Homepage, All Courses Page, All Events Page should be no larger than 900px.

- For description areas on individual Live Event pages, we suggest the image be no wider than 500px (see the screenshot).

Q : What size should my Course Cover Photos be?

A: 320 x 152 px
