

Biography: Roger M. Miranda, P.G.

Water Quality Planning Division
Texas Commission on Environmental Quality

Current Position

Roger Miranda is a Geoscientist with the TCEQ and a Project Manager in the Total Maximum Daily Load (TMDL) Program.

Prior Experience and Education

He has over 20 years' experience in water quality modeling and water quality planning. During his tenure with the TCEQ, Mr. Miranda led the development of over 32 TMDLs and 4 watershed-based plans for water bodies in Texas. Much of Roger's work has been on water bodies located in the US-Mexico Border Region. Mr. Miranda is a licensed professional geoscientist in the State of Texas. He holds a Master of Science degree in Geosciences from the University of Texas at Dallas and a Bachelor of Science in Geology from the University of Texas at Arlington. Mr. Miranda is also currently working on his PhD in Environmental Policy at the LBJ School of Public Affairs of the University of Texas at Austin.
