

Biography: Greg Zychowski
Remediation Division
Texas Commission on Environmental Quality

Current Position

Greg has been an ecological risk assessor in the Technical Program Support Team since 2015. He reviews ecological risk assessments (ERAs) and actively participates in updates to guidance documents, ecological benchmarks, and other resources of relevance to the TCEQ's ERA program. He also currently oversees the continued development of the Protective Concentration Level (PCL) Database, a long-term collaboration between the TCEQ and West Texas A&M University.

Prior Experience and Education

Greg earned a Bachelor of Science in Environmental Science from Baylor University and a Master of Science in Environmental Toxicology from Texas Tech University. Following graduation, Greg spent about two years working in the private sector. He has worked at the TCEQ since 2013, and in the Remediation Division since 2015.
