- **Jordan Kurtz** (00:07:06): YES

- **Adam K2CAT** (00:09:26): It's just handy to have a halfway decent cheap HT

- **Jayne Rising** (00:09:37): Reacted to "It's just handy to h..." with 👍

- **Jayne Rising** (00:09:59): and if I break it I don't have to be nearly as angry as i'd be if I broke one of my good ones

- **Adam K2CAT** (00:10:11): Reacted to "and if I break it I ..." with 💯

- **Brian Boulden** (00:10:54): Just dont over charge a Baofeng Battery. I had one that expanded

- **Jayne Rising** (00:11:11): Reacted to "Just dont over charg..." with 😛

- **Dick Johnson KA6HUM** (00:12:59): How much area per square?

- **Max Freedman** (00:13:28): Replying to "How much area per sq..."

- **Jayne Rising** (00:13:31): ah a Mac compatible program!\

- **Dick Johnson KA6HUM** (00:14:03): Replying to "How much area per sq..."

- **WOODY BRADLEY** (00:16:02): Yeah Mac's

- **Lloyd Mitchell** (00:16:31): I bet tens of thousands of MFJ-1270 Hardware TNC were sold

- **Max Freedman** (00:21:38): https://n5dux.com/ham/aprs-passcode/

- **Dick Johnson KA6HUM** (00:29:47): Will tonight's slide deck (and those from previous sessions) be available on the ARRL Learning Center site?

- **Max Freedman** (00:30:02): Replying to "Will tonight's slide..."

- **Jonathan Rodriguez** (00:30:08): Reacted to "Will tonight's sli..." with 👆

- **Dick Johnson KA6HUM** (00:30:12): Replying to "Will tonight's slide..."

- **Jordan Kurtz** (00:32:06): In a couple weeks I'll be assisting with Coms for a Marathon. They mentions that a lead and chase vehicle will be beaconing APRS so we have an idea of where the runners are. Which app would be suggested for a newbie (android)

- **Nathaniel Gaw** (00:32:25): Thank you for the effort but this presentation is not for anyone that is absolutely new to APRS. -73

- **Max Freedman** (00:33:06): Replying to "In a couple weeks I'..."

- **Jonathan Rodriguez** (00:37:08): hot mic

- **Greg - WB7GR** (00:38:09): Can you send a similar message using the TNC command line (KAM, MFJ-1270 etc) and if so what is the syntax?

- **Max Freedman** (00:39:38): Replying to "Can you send a simil..."

- **Max Freedman** (00:41:01): Replying to "Can you send a simil..."

- **Ted Van Den Heuvel** (00:42:51): when you send a message, do you need to include the dash suffix?, for example "KB4DSF-8"

- **Steven DeLong** (00:46:32): What if one digipeater is already busy digipeating other packets in the chain.

- **Tom Marinello** (00:46:44): APRSdroid uses -5 SSID

- **Jayne Rising** (00:46:56): how can one learn the call signs of the various digipeaters?

- **Max Freedman** (00:47:26): Replying to "What if one digipeat..."

- **Max Freedman** (00:47:33): Reacted to "APRSdroid uses -5 SS..." with 👍

- **Brian Boulden** (00:48:01): -0 Your primary station usually fixed and message capable
  -1 generic additional station, digi, mobile, wx, etc
  -2 generic additional station, digi, mobile, wx, etc
  -3 generic additional station, digi, mobile, wx, etc
  -4 generic additional station, digi, mobile, wx, etc
  -5 Other networks (Dstar, Iphones, Androids, Blackberry's etc)
  -6 Special activity, Satellite ops, camping or 6 meters, etc
  -7 walkie talkies, HT's or other human portable
  -8 boats, sailboats, RV's or second main mobile
  -9 Primary Mobile (usually message capable)
  -10 internet, Igates, echolink, winlink, AVRS, APRN, etc
  -11 balloons, aircraft, spacecraft, etc
  -12 APRStt, DTMF, RFID, devices, one-way trackers*, etc
  -13 Weather stations
  -14 Truckers or generally full time drivers
  -15 generic additional station, digi, mobile, wx, etc

- **Max Freedman** (00:48:02): Replying to "how can one learn th..."

- **Jayne Rising** (00:48:30): Reacted to "https://APRS.fi wil..." with 👍

- **Ron Black** (00:56:42): Is there any restrictions on using APS to transmit patient information?

- **Steve Barkes - W5RRX** (00:57:46): Anyone else using LORA APRS on 70cm (433.775)? Quite popular here in Las Cruces, NM. We're getting 6-12km range with 20dBm!!

- **Max Freedman** (00:58:31): Replying to "Is there any restric..."

- **Eric Stone** (01:00:01): Replying to "Anyone else using LO..."

- **Steve Barkes - W5RRX** (01:00:55): Replying to "Anyone else using LO..."

- **Jonathan Rodriguez** (01:00:55): i certainly am. thank you

- **WOODY BRADLEY** (01:02:51): GREAT info as usual sorry I have to leave... Will. Check in for more sessions...

- **Max Freedman** (01:03:12): Replying to "GREAT info as usual ..."

- **Mike Angelastro** (01:03:28): Great presentation!ᴍ

- **Tom Marinello** (01:03:40): I sent an SMS when watching earlier zoom recording to one of my numbers without it being opted in. Used APRSdroid.

- **Jayne Rising** (01:04:19): thanks for a great training session! Exposure is the first step for a relatively new ham towards facility

- **Lloyd Mitchell** (01:04:23): This works great on the HT's that can send messages.

- **Mike Holt** (01:04:38): Jenny, I got your number:
  867-5309

- **Jonathan Rodriguez** (01:05:40): can this be done on a ht that has built in aprs?

- **Jayne Rising** (01:06:02): does jenny live in Chicago?

- **Lloyd Mitchell** (01:06:04): Yes BUT the digi must be able to get the message to a I-gate

- **Max Freedman** (01:07:07): Replying to "can this be done on ..."

- **Norman Rich** (01:10:49): Have to go, thanks for the lesson Wayne

- **Greg - WB7GR** (01:11:14): These are the old PBBS commands.

- **Steven DeLong** (01:11:39): So this acts much like a BBS.

- **Max Freedman** (01:12:01): Replying to "So this acts much li..."

- **Lloyd Mitchell** (01:12:40): Thanks for the info...73 de KO4L

- **Christopher Angelastro** (01:13:09): Thanks for the presentation! Have a good night.

- **David Reynolds** (01:13:15): How long until the recording is available on the website?

- **Tom Marinello** (01:13:21): are all the variables in APRS documented somewhere (EMAIL, SMS, etc.)

- **Tom Marinello** (01:13:32): Sorry, APRS droid

- **Mitch Simons** (01:14:45): 🙋

- **Steven DeLong** (01:16:02): I have been able to send messages to friends while traveling through my app on my iPhone.

- **Dick Johnson KA6HUM** (01:17:35): Thanks Wayne and Max, as well as all of you who asked questions. Good Evening, all!

- **Max Freedman** (01:18:25): https://aprs.wiki/

- **Tom Marinello** (01:19:32): Replying to "https://aprs.wiki/"

- **Ron Black** (01:19:40): On the email feature, is the recepiant able to respond?

- **Max Freedman** (01:20:14): Replying to "On the email feature..."

- **Brian Boulden** (01:20:34): Winlink is so cool Love it. Use it all the time

- **Lloyd Mitchell** (01:20:39): https://how.aprs.works/

- **Brenda KJ5ADO** (01:20:47): Reacted to "Winlink is so cool L..." with 👍

- **Lloyd Mitchell** (01:21:23): learn.arrl.org and https://www.aprs.org/

- **Brian Boulden** (01:21:24): Use Winlink Nets to check in and get pratice

- **Brenda KJ5ADO** (01:21:32): Reacted to "Use Winlink Nets to ..." with 👍

- **Ron Black** (01:21:45): thank you

- **Lloyd Mitchell** (01:22:35): Don't forget to save the chat for later reference. To save Chat Look for 3 dots upper chat area and select SAVE CHAT

- **Brenda KJ5ADO** (01:23:06): Replying to "On the email feature..."

- **Max Freedman** (01:23:15): Reacted to "Don't forget to save..." with 👍

- **DeAnne Dey** (01:23:38): thank you!

- **Ron Kumon (K8DTJ)** (01:23:41): Thanks!
