

schoolcafé

ONE SOLUTION
FOR **ANY** SCENARIO

CONNECTING FAMILIES TO SCHOOL NUTRITION

SchoolCafé is your all-in-one platform for connecting parents and students to the cafeteria. From menus, payments, to free and reduced applications, you can provide your families with access to the cafeteria in one contactless solution.

Students can access their barcode/ID for touchless scanning and meal transactions, view their account balances and school menus.

Parents can make payments for food and campus store purchases, view transaction history, get low balance alerts, place orders for the children, and apply for free-and-reduced benefits.

Districts can publish menus, configure digital displays, send messages, and request verification responses for meal benefits.

DIGITAL PRE-ORDERING

Districts moving toward a new normal need a safe and convenient way to provide nutritious meals, regardless of where students are located. In this newest solution, districts can easily configure sites, set fulfillment methods such as classroom, zones, and curbside, and allow students, parents, and even teachers to place meal orders. For their classrooms. This solution is flexible for any school scenario, giving districts freedom to take orders in advance and distribute them in or out of the school building.

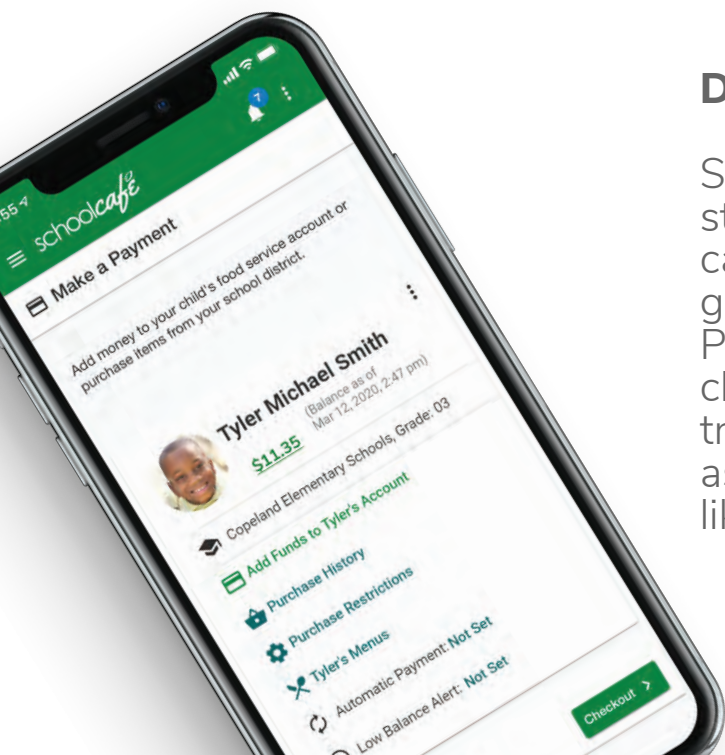

DIGITAL MENUS

Publish menus on the fly with just one click and create vibrant and engaging menu boards from any device. Schoolcafe menus let parents and students know exactly what's being served in their schools and get a snapshot of nutritional info for each menu item. Districts can also publish menus to their digital displays using the SchoolcafeTV app from any location.

DIGITAL APPLICATIONS

Free-and-reduced applications are faster than ever with schoolcafe. Parents can submit accurate applications and verification responses from any device, as well as view letters and notices in any of the 49 available languages. Online submissions not only allow districts to receive more complete information, but link directly to PrimeroEdge for easy validation and immediate notification to parents.

DIGITAL PAYMENTS

Schoolcafe makes it simple for parents to stay on top of their child's account. Parents can make quick and secure payments that get updated in the system in real-time. Parents can also set low balance reminders, charge restrictions, view balance and transaction history, set up auto-pay, as well as make payments for non-cafeteria items like sports equipment and yearbooks.
