LINQ Nutrition

We help you build
The Smartest Lunchrooms.

In the digital age, printed menus and manual processes, just aren't cutting it. You need smart technology designed specifically for school nutrition and food service programs. From the front of the house to the back, we transform traditional cafeterias into The Smartest Lunchrooms.

Boost Participation

LINQ Nutrition has the tools to build better menus, communicate with parents, and more to boost your program's participation.

Reduce Lunch Debt

We've made paying for meals and applying for free & reduced easy for parents, reducing end of year debt.

Go Mobile

With LINQ Nutrition, all of your cafeteria operations are in one place that you can access on any device from anywhere.
