

Biography: Ryan Seymour
Water Quality Planning Division
Texas Commission on Environmental Quality

Current Position

Ryan Seymour serves as the Nutrient Coordinator for the Water Quality Standards Program, which is responsible for the development of the Texas Surface Water Quality Standards (TSWQS). The TSWQS Title 30, Chapter 307 of the Texas Administrative Code describe the chemical, physical and biological conditions to be attained in the surface waters of Texas.

Prior Experience and Education

Ryan is originally from East Central Indiana where he received his Bachelor of Science in 2018 from Ball State University majoring in Aquatic Biology and Fisheries Sciences. Upon completing his undergraduate studies, he received his Master of Science in 2020 from Texas Christian University. He holds an Associate Fisheries Professional Certification from the American Fisheries Society and has conducted fisheries surveys in multiple states including IN, MO, TN, OK and TX. He has been with the TCEQ and serving as Nutrient Coordinator since February 2021.
