

Biography: Charlie Middleton

Water Supply Division
Texas Commission on Environmental Quality

Current Position

Charlie is a Natural Resources Specialist on the Response and Capacity Development Team in the Plan and Technical Review Section of the Water Supply Division.

Prior Experience and Education

Charlie Middleton received his B.S. in Marine and Freshwater Biology from Queen Mary College, University of London, and an M.S. in Aquatic Resource Management from King's College, University of London. Charlie worked as a contractor for the TCEQ Public Drinking Water Section from 2010 to 2012, working with bacteriological, chemical and Surface Water Treatment Rule based violations. In 2012 he became a full-time TCEQ employee, working with the Surface Water Treatment Rule, before joining the Response and Capacity Development Team in 2017, where he works with the Cross-Connection Control Program and the Texas Optimization Program.
