

**Biography: Mike Coldiron, P.E.**  
**Air Permits Division**  
**Texas Commission on Environmental Quality**

***Current Position***

Mike Coldiron is currently a Technical Specialist in the Mechanical Coatings Section, in the Air Permits Division of TCEQ's Office of Air. In this position, he is primarily responsible for reviewing applications for painting, printing, abrasive blasting, degreasing, and fiber-reinforced plastics and semiconductor operations. In addition, he provides training to staff and the regulated community on coatings permitting.

***Prior Experience and Education***

Mike is a licensed Professional Engineer in the State of Texas. He received his Bachelor of Science degree in Mechanical Engineering from the University of Missouri - Rolla in 1978. Upon graduation, he worked for Deere and Co. in the Transmission Engineering group. In 1980 he began work as a wireline engineer for Schlumberger Well Services providing both open and cased hole services in southern Arkansas and East Texas. In 1989 he joined the Texas Air Control Board as a permit engineer in the Coatings and Combustion Section. Mike left the agency in 1994 to provide air permitting and air quality engineering services as a consultant. He returned to the TCEQ in 2004 as a permit engineer for the Coatings Team.
