SNA Meetings Presentation Guidelines

The purpose of this document is to outline policies and procedures for materials presented or distributed at SNA meetings, conferences, and events. Should you have any questions, please contact statesupport@schoolnutrition.org.

Section I: Formatting

SNA provides the following guidelines in an effort to have a cohesive and consistent “look and feel” to our meetings:

- SNA meetings/conferences have a specific branded template. Speakers are required to use this template unless otherwise agreed upon with SNA.
- If there are multiple presenters, the presentation should be merged into one document.
- The first slide or page of the presentation should include: Session Title, Date, and Time; Presenter(s) name(s), title, company.
- To encourage practical use of content, learning objectives must be clearly outlined prior to beginning the content.

Section II: Visual Aids

- To help engage the audience, presenters are encouraged to use images and visual aids to reinforce learning.
- Speakers should ensure no copyrighted or trademarked images are used without permission and should avoid any other form of intellectual property violations.
- Proper citation and credit must be provided to the originating source when using text, slides, images, data or examples from other organizations or speakers. Plagiarism must be strictly avoided. Proper citation does not discharge your responsibility to gain permission to use copyrighted materials.
- Presenters should avoid using images which contradict the mission of SNA. This includes images of fast food, unhealthy options, or other images undermining the importance of providing healthy, nutritious meals to students.

Section III: Marketing and Branding

As a member-driven organization, SNA must be careful to avoid conflicts of interest with commercial entities. Therefore, in cases where an education session is presented by an industry group, organization, consultant, or other entity with a potential conflict of interest, the policy below must be followed:

- SNA does not permit merchandise, products, self-promotion, food samples, food tasting, live culinary demonstrations, or advertisements during any education sessions at any SNA meetings. Any exceptions are at the sole discretion of SNA.
- The presentation cannot promote any brand, company, or product.

- If using images of the presenting organization's product images, at least 2 other competing brands are required to be included in the presentation to avoid conflicts of interest.
- For PowerPoint Presentations, no company logos may be used unless mutually agreed upon by SNA.
- A disclosure slide must be included immediately after the title slide. Sample disclosure slides are provided below. All items mentioned in the speaker's signed written disclosure must be included on this slide.

- Presentations must be submitted a minimum of 2 weeks prior to the event.
