

## American Association of Neuropathologists

### 102<sup>nd</sup> Annual Meeting Accreditation Information

#### Target Audience

The educational design of the AANP's Annual Meeting addresses the needs of physicians and scientists in the field of neuropathology who are involved in the diagnosis and/or treatment of patients with neurological disorders.

#### Statement of Need

The purpose of this activity is to advance medical and scientific knowledge, understanding, and competence in the practice of neuropathology. The practice of neuropathology is understood to include diagnosis of diseases of the nervous system, scientific investigation into their causes, and teaching of neuropathology principles to colleagues and trainees.

#### Learning Objectives

*Upon completion of this activity, participants should be able to:*

1. Discuss recent advances in the field of neuropathology that impact research and practice.
2. Cite 2-3 examples of new information on the underlying etiologies and mechanisms of neurologic disease.
3. Explain how to translate the latest developments in neuropathology into clinical practice.

#### Physician Accreditation Statement

The American Association of Neuropathologists is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

#### Physician Credit Designation

The American Association of Neuropathologists designates this Other activity (blended live activity and enduring material) for a maximum of 25.75 *AMA PRA Category 1 Credits*<sup>TM</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

#### American Board of Pathology (ABPath) Continuous Certification

This activity is registered for American Board of Pathology Lifelong Learning (CME) credit.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to satisfy the Lifelong Learning (CME) requirements in the American Board of Pathology's (ABPath) Continuous Certification (CC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting credit.

Successful completion of the CME activity allows the participant to earn up to 25.75 Lifelong Learning (CME) credits.

To receive credit, you must complete the evaluation, claim credit commensurate with the extent of your participation in the activity, and provide your ABPath Diplomate ID and Date of Birth (MM/DD). Your information will be shared with the ABPath through the ACCME Program and Activity Reporting System (PARS).

### Instructions to Receive CME Credit

All attendees should complete the post-test and evaluation for the *Special Course* and the *Presidential Symposium* evaluation (listed below the agendas on the meeting website for Thursday and Sunday), if those portions of the meeting were attended.

All attendees must also complete the *Overall Conference Survey*. Detailed instructions for claiming CME credit are posted under *Evals/Credit* on the event website. You must be logged into the event website in order to access the evaluations and claim credit. You must claim credit by **September 30, 2026**.

The chart below outlines which portions of the 102<sup>nd</sup> Annual Meeting are offered for CME credit and the maximum number of credit hours a physician can earn for each portion accredited for *AMA PRA Category 1 Credit™*. As this is an “Other activity” format you may claim credit based on your attendance at either the live session or for watching the recorded content up through **September 30, 2026**, when recorded content will expire. However, you may not claim credit more than once for a given session. Those sessions that were recorded are marked with an asterisk (\*).
