

Biography: Stephanie Escobar
Water Supply Division
Texas Commission on Environmental Quality

Current Position

Team Leader, Technical Review and Oversight Team, Plan and Technical Review Section, Water Supply Division

Prior Experience and Education

Stephanie Escobar earned a Bachelor of Arts in Environmental Science from Concordia Lutheran College and a Master of Applied Geography degree with an emphasis in Natural Resources Management from Southwest Texas State University. She began her career writing Environmental Site Assessments and performing asbestos, lead, and mold inspections for private environmental consulting firms. She continued consulting part time while in graduate school where she also taught undergraduates and published several research articles. She then came to the TCEQ's Air Permits Division where she reviewed Standard Permits and Permit By Rule applications. After returning to private consulting for several years, she made a move back to the TCEQ when she joined the Technical Review and Oversight Team in 2016.
