Facial Anatomy:
**Injection and
Dissection Course**
June 11-12, 2022

PROGRAM

Description

Improve your clinical and functional knowledge of facial anatomy for minimally invasive cosmetic injections and thread lifts at this NEW educational activity with hands-on training by renowned experts in anatomy and injection techniques. The course includes high-yield lectures, live dissection demonstrations on relevant anatomy for injection sites, and features cadaver labs where participants will be guided through clinically relevant techniques, safety aspects and improved outcome aspects as they relate to dermal filler, neuromodulator and biostimulator injections, and thread lifts. Course includes all instrumentation, PPE, and cadaveric cephalus specimens.

Learning Objectives

Following this activity, participants should be able to:

- ♦ Identify functional and structural facial anatomy relevant to cosmetic injection and thread lift procedures.
- ♦ Apply facial anatomy knowledge to assessment and planning for cosmetic procedures.
- ♦ Implement injection techniques and strategies that optimize safety as well as aesthetic outcomes.

Location

Axis Research Medical Lab ♦ 1420 Donelson Pike, Suite A20 ♦ Nashville, TN

Course Schedule

Saturday, June 11, 2022 8:30 – 9:00 am Check-in ♦ 9:00 – 5:00 pm Lectures and Hands-on Lab
Sunday, June 12, 2022 8:30 – 9:00 am Check-in ♦ 9:00 – 12:00 pm Lectures and Hands-on Lab

Attire and PPE

Attendees are encouraged to wear scrubs and must wear closed-toe shoes. Full PPE will be provided for the lab portions of this course.

SATURDAY, JUNE 11, 2022

8:30 – 9:00 am	Check-in and Breakfast
-----------------------	-------------------------------

9:00 – 9:45 am	Anatomic Principles of Aesthetic Treatments <i>Sebastian Cotozana, MD, PhD, PhD</i>
-----------------------	---

9:45 – 10:15 am	Facial Assessment and Concepts of Beauty <i>Stephen Mandy, MD</i>
------------------------	---

10:15 – 10:30 am	Q&A
-------------------------	----------------

10:30 – 10:45 am	Break
-------------------------	--------------

10:45 – 11:15 am	Dermal Filler Rheologic Applications <i>Jeremy Green, MD</i>
-------------------------	--

11:15 – 11:45 am	Complications: How to Avoid and Manage <i>Brian Biesman, MD, FACS</i>
-------------------------	---

11:45 am - Noon	Q&A
------------------------	----------------

Noon – 12:45 pm	Lunch Break
------------------------	--------------------

12:45 – 1:00 pm	Change into PPE
------------------------	------------------------

1:00 – 4:00 pm	Upper Face: Live Dissection and Hands-on Lab for Injections, Threads and Anatomy <i>All faculty</i>
-----------------------	---

4:00 – 5:00 pm	Q&A
-----------------------	----------------

SUNDAY, JUNE 12, 2022

8:30- 9:00 am	Check-in and change into PPE
----------------------	-------------------------------------

9:00 – 11:00 am	Lower Face and Neck: Live Dissection and Hands-on Lab for Injections and Anatomy <i>All faculty</i>
------------------------	---

11:00 am – Noon	Q&A
------------------------	----------------

Course Conclusion

CME information and disclosures on following pages

CONTINUING MEDICAL EDUCATION INFORMATION

Accreditation Statement

The American Society for Dermatologic Surgery (ASDS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA PRA Category 1 Credit(s)[™]

The American Society for Dermatologic Surgery designates this live activity for a maximum of **10.00 AMA PRA Category 1 Credit(s)[™]**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Collection of Financial Relationships

ASDS collects information from all planners, faculty and others in control of educational content about all their financial relationships with *ineligible companies* (companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients) within the prior 24 months. There is no minimum financial threshold; individuals must disclose all financial relationships, regardless of the amount, with ineligible companies. Individuals must disclose regardless of their view of the relevance of the relationship to the education.

Identifying and Mitigating Relevant Financial Relationships

ASDS reviews all disclosed financial relationships to determine relevance. Financial relationships are relevant if the educational content an individual can control is related to the business lines or products of the ineligible company. ASDS takes steps to mitigate relevant financial relationships to ensure that individuals with relevant financial relationships do not insert/include commercial bias into educational content.

Disclosure of Financial Relationships

Relevant financial relationships are disclosed to learners prior to the start of the educational activity via publication and/or disclosure slides and/or verbal disclosure. Disclosure provides learners with information so that they can make their own determination whether or not disclosed relationships influenced the content of an educational activity. Faculty and planner disclosure information is located on the final page of this program.

Unapproved Use Disclosure

Faculty are required to disclose to learners when off-label use of products or procedures are being discussed (not approved for the indications being discussed) or experimental and/or investigational (not FDA-approved). These disclosures are intended for continuing medical education, not to promote off-label use of products/procedures. If attendees have questions, they should contact the medical affairs department of the manufacturer for the current approved use information.

Disclaimer

Attendees understand that medical knowledge is constantly evolving, and that the views and techniques of faculty are their own and may reflect innovations and opinions not universally shared. The views and techniques of faculty are not necessarily those of ASDS but are presented to advance medical education and should be based on best available medical evidence. ASDS disclaims any and all liability arising out of information presented in this symposium, and also disclaims any and all liability for injury or other damage resulting in any way from attendance and participation in this educational activity.

Commercial Support Disclosures at Time of Publication

The following commercial interests provided support in the form of an educational grant for this CME activity:

- ♦ Galderma, Suneva

Faculty Relevant Financial Relationships

- ♦ **Brian Biesman, MD, FACS:** *No relevant financial relationships exist with ineligible companies.*
- ♦ **Sebastian Cotofana, MD, PhD, PhD:** *No relevant financial relationships exist with ineligible companies.*
- ♦ **Jeremy Green, MD:** *No relevant financial relationships exist with ineligible companies.*
- ♦ **Stephen Mandy, MD:** *No relevant financial relationships exist with ineligible companies.*

Planner Relevant Financial Relationships

- ♦ **Brian Biesman, MD, FACS:** *No relevant financial relationships exist with ineligible companies.*
- ♦ **Sebastian Cotofana, MD, PhD, PhD:** *No relevant financial relationships exist with ineligible companies.*
- ♦ **Tracy Farhan, ASDS Education Manager:** *No relevant financial relationships exist with ineligible companies.*
